Polycrome[®]
Light the future

About Us

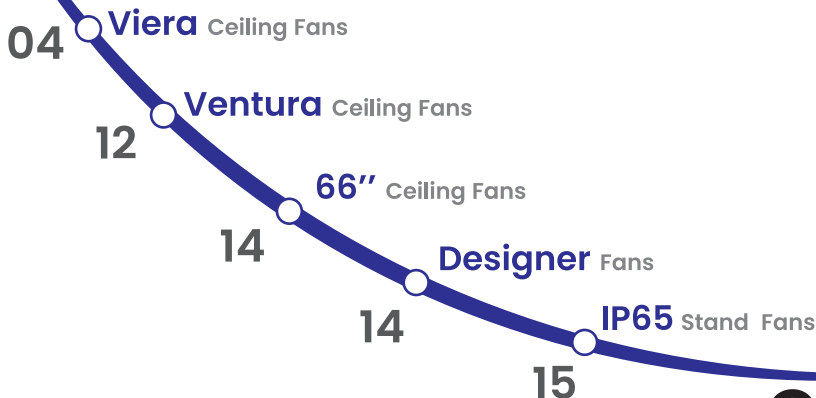

Polycrome, a pioneering Sri Lankan Brand, specialises in manufacturing high-quality electrical products including ceiling fans, cable management systems and lighting for the construction sector and end-consumers since our inception over 45 years ago.

Over the last four decades, Polycrome has significantly reshaped the electrical industry in Sri Lanka by pioneering many electrical products which are now a norm in the construction sector. To enable the introduction of new products and concepts to the consumers we invest heavily in research and development and have comprehensive laboratories to ensure our innovation and product development align with the needs of our valuable customers.

We consistently strive to meet our evolving customer requirements, and we do so via innovation and complying with applicable local and international standards. We engage with regulatory bodies and opinion leaders to improve quality standards in the industry which benefits the end-consumers. We have embedded a quality culture into the core value system of our company, and we believe in offering safe and reliable products to our valuable customers. This "quiet quest for quality" has earned the trust of opinion leaders and consumers alike.

Polycrome has three manufacturing plants located in industrial zones in Sri Lanka, and an island-wide distribution network. This is enabled by a dedicated team of 350+ Sri Lankans proudly associated with high-quality "made in Sri Lanka" products.

TECHNICAL FEATURES

Remote Control

- Ergonomic design
- 6 Speeds

Blades

- Anti-rust high quality ABS blades
- Wood grain finish & other colours
- UV protected
- Sweep options – 52" to 66"
- Washable blades

DC Motor

- Energy saving
- 100% Pure Copper winding
- Brushless
- Sealed & silent ball bearing

Modes

- Natural wind
- Sleep mode

LED Light

- No flicker
- Less blue light
- Energy saving
- Shadow-less design

Dimming

- Brightness adjustable for any ambience

3 Colours

- Warm white
- Day light
- Cool white

Timer

- Sleep timer
- 1 / 4 / 8 Hours

Rotating Direction

- Forward for cooling
- Reverse for circulating

Well-being

- Circulated air
- Ultra silent

Security

- Surge protection
- Safety Cable
- Hook mounting

Stable

- Wide voltage range
- Less vibration

Strong Wind

- High airflow due to aerodynamic blades

Motor

- Pure copper BLDC motor to ensure 40% energy saving

Anti-Rust Washable Blades

- 3 x ABS blades for durability
- 52" Sweep with wood grain finish

Remote Control

- 6 Speed remote control
- Forward & reverse function

Security

- Hook mounting
- Safety cable

Light Kit

- Integrated LED light kit 18W
- 1,800 LUMEN
- CRI ≥80
- 3CCT 3000K; 4000K; 6500K
- Dimmable
- Shadow-less design

Air Flow

- 210RPM (Max)
- Ultra silent
- Aerodynamic blades for high air flow

Well-being

- Natural wind mode
- Sleep mode
- Anti drying effect

Motor

- Pure copper BLDC motor to ensure 40% energy saving

Anti-Rust Washable Blades

- 3 x ABS blades for durability
- 52" Sweep with wood grain finish

Remote Control

- 6 Speed remote control
- Forward & reverse function

Security

- Hook mounting
- Safety cable

Air Flow

- 210RPM (Max)
- Ultra silent
- Aerodynamic blades for high air flow

Well-being

- Natural wind mode
- Sleep mode
- Anti drying effect

VIERA Kumbuk with Light

Motor

- Pure copper BLDC motor to ensure 40% energy saving

Anti-Rust washable blades

- 3 x ABS blades for durability
- 52" Sweep with wood grain finish

Remote Control

- 6 Speed remote control
- Forward & reverse function

Security

- Hook mounting
- Safety cable

Light Kit

- Integrated LED Light Kit 18W
- 1,800 LUMEN
- CRI ≥80
- 3CCT 3000K; 4000K; 6500K
- Dimmable
- Shadow-less design

Air Flow

- 210RPM (Max)
- Ultra silent
- Aerodynamic blades for high air flow

Well-being

- Natural wind mode
- Sleep mode
- Anti drying effect

Motor

- Pure copper BLDC motor to ensure 40% energy saving

Anti-Rust washable blades

- 3 x ABS blades for durability
- 52" Sweep with wood grain finish

Remote Control

- 6 Speed remote control
- Forward & reverse function

Security

- Hook mounting
- Safety cable

Air Flow

- 210RPM (Max)
- Ultra silent
- Aerodynamic blades for high air flow

Well-being

- Natural wind mode
- Sleep mode
- Anti drying effect

Motor

- Pure copper BLDC Motor to ensure 40% energy saving

Anti-Rust Washable Blades

- 3 x ABS blades for durability
- 52" Sweep in matt white

Remote Control

- 6 Speed remote control
- Forward & reverse function

Security

- Hook mounting
- Safety cable

Light Kit

- Integrated LED light kit 18W
- 1,800 LUMEN
- CRI ≥80
- 3CCT 3000K; 4000K; 6500K
- Dimmable
- Shadow-less design

Air Flow

- 210RPM (Max)
- Ultra silent
- Aerodynamic blades for high air flow

Well-being

- Natural wind mode
- Sleep mode
- Anti drying effect

Motor

- Pure copper BLDC Motor to ensure 40% energy saving

Anti-Rust Washable Blades

- 3 x ABS blades for durability
- 52" Sweep in matt white

Remote Control

- 6 Speed remote control
- Forward & reverse function

Security

- Hook mounting
- Safety cable

Air Flow

- 210RPM (Max)
- Ultra silent
- Aerodynamic blades for high air flow

Well-being

- Natural wind mode
- Sleep mode
- Anti drying effect

Motor

- Pure Copper BLDC motor to ensure 40% energy saving

Anti-Rust washable blades

- 3 x ABS blades for durability
- 52" Sweep in matt black

Remote control

- 6 Speed remote control
- Forward & reverse function

Security

- Hook Mounting
- Safety cable

Light Kit

- Integrated LED Light Kit 18W
- 1,800 LUMEN
- CRI ≥8080
- 3CCT 3000K; 4000K; 6500K
- Dimmable
- Shadow-less design

Air Flow

- 210RPM (Max)
- Ultra silent
- Aerodynamic blades for high air flow

Well-being

- Natural wind mode
- Sleep mode
- Anti drying effect

Motor

- Pure copper BLDC motor to ensure 40% energy saving

Anti-Rust washable blades

- 3 x ABS blades for durability
- 52" Sweep in matt black

Remote control

- 6 Speed remote control
- Forward & reverse function

Security

- Hook mounting
- Safety cable

Air Flow

- 210RPM (Max)
- Ultra silent
- Aerodynamic blades for high air flow

Well-being

- Natural wind mode
- Sleep mode
- Anti drying effect

Motor

- Pure copper BLDC motor

Blades

- 5 x ABS blades for durability
- 56" sweep
- Matt black finish

Remote Control

- 6 Speed remote control
- Forward reverse function
- Timer 1 / 4 / 8 hours
- Sleep timer

Air Flow

- 210RPM (Max)
- Ultra silent
- Aerodynamic blades for high air flow

Well-being

- Natural wind mode
- Sleep mode
- Anti-drying effect

Motor

- Pure copper BLDC motor

Blades

- 5 x ABS blades for durability
- 56" sweep
- Matt white finish

Remote Control

- 6 Speed remote control
- Forward reverse function
- Timer 1 / 4 / 8 hours
- Sleep timer

Air Flow

- 210RPM (Max)
- Ultra silent
- Aerodynamic blades for high air flow

Well-being

- Natural wind mode
- Sleep mode
- Anti-drying effect

66" Large Ceiling Fan

Motor

- Pure copper BLDC motor to ensure 40% energy saving

Anti-Rust Washable Blades

- 6 x ABS blades for durability
- 66" Sweep

Remote Control

- 6 Speed remote control
- Forward & reverse function
- Timer 1 H / 4 H / 8 H

Security

- Hook mounting
- Safety cable

Light Kit

- 24W LED light
- Voltage - 110 -240V
- 50/60Hz

Air Flow

- 11000 CFM

Designer Fans

52
inch

BLDC ceiling fan without light
5 Leaf Blades

20
inch

BLDC ceiling fan with
light (4 x E27 bulbs)

20
inch

BLDC ceiling fan with light
(4 x E27 bulbs) & Rattan

**Dust & Water Resistant
Outdoor 18" Pedestal Fan**

IP Rating	IP65 rated (dust & water resistant)
Corrosion Test	Complies with ISO 9227:2022 salt spray test
Motor	45W BLDC copper motor
Control	Remote control & push button
Body	Anti-rust powder coated metal
Blades	3 Pcs aluminium blades
Grill	18 inches / 45cm
Height	150cm
Oscillation	80-85 degrees
Tilt	Up & Down
Speed	12 speed setting
Timer	1-9 Hrs
Modes	Natural / Wind / Sleep

Black

White
